*"My students have what they need from the first day of school. I no longer need to worry about how I will get supplies for them or watch them go without."*

– Chester Community Charter School Teacher

# Moments of Momentum

Thanks to a grant from The Foundation for Delaware County, all teachers' orders were delivered to their schools. Offering delivery service increased teacher memberships. We received such positive feedback from teachers that we will continue delivering orders from now on.

*"I have used the resources we have been provided to support learning and level the playing field for students in need."*

- Norwood Elementary School Teacher

Teachers' Teammates is a part of the National Educational Resource Collective that shares excess donations, experience, and best practices. This year we received supplies valued at \$371,931 from 6 centers around the country.

Raelyn Harman and Holly Weber celebrated their one-year work anniversary with Teachers' Teammates. Part-time Delivery Driver, Jerry Rowan was added to the staff.

Thanks to a grant from the PA Dept. of Education, through Dec. 31, 2024, the term for a teacher membership is doubled to 2 years for \$40.

## amazon Local Good

We established a new partnership with Amazon Gives Local. Amazon donates and arranges freight transportation for large shipments of product donations. This freight "in-kind" donation makes it possible for TT to accept many more product donations from companies and organizations throughout the U.S. and distribute them to the students and educators we serve.

74 two-year gift memberships were donated to teachers by individuals and organizations.

Cindi Sutera and Erich Yost joined our Board of Directors.

## Ready To Get Involved?

### DONATE

Our donors' generosity helps enrich students' academic performance and enables them to be prepared & motivated to learn.

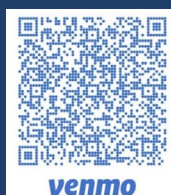

Equipping teachers with the supplies they and their students need, conveys the community's support and appreciation for their work with all of our children.
